PERFORMANCE DEVELOPMENT AND EVALUATION

(Career Service)

The purpose of the College's performance development and evaluation program is to:

- assist in accurately appraising career service employees,
- discuss performance factors,
- enhance the relationship and communications between the supervisor and employee,
- improve the motivational climate, and
- to serve as a tool in the growth and development of employees.

The evaluation form provides the basis for evaluation of quality and quantity of work, job knowledge, attendance and punctuality, cooperation, dependability, and supervisory performance if applicable. An employee may respond in writing to the evaluation under "Employee's Comments" or by adding a supplemental sheet. This response will be part of the permanent record to accompany the Performance Evaluation Form.

The evaluations are conducted in three ways:

1. Probationary: For new hires, or internal promotions or transfers, at the six-month mark of the hire date or promotion/transfer date.
2. Annual: Due by March 31.
3. Special: An employee may receive a special evaluation based on performance concerns that occur after the employee completes their probationary period.

Note: probation is one year for new hires, but six months for an internal promotion/transfer.

The Career Service Evaluation form and instructions are available online. The supervisor (or assistant to the supervisor) may type the form on the screen. However, the data cannot be stored. To locate the form: Go to Pensacola State College.edu, select faculty & staff, choose Employee HR Forms, click on Performance Evaluation Form (Career Service).

When the evaluation is completed, the employee will sign the evaluation report and be briefed to assure him or her that it is complete and accurate. Instructions for the situation, in which an employee refuses to sign an evaluation, can be found at the bottom of page two of the evaluation form. A signed copy of the evaluation is given to the employee by the supervisor. The original evaluation document will be forwarded to the Human Resources Department and placed in the employee's privacy file. (AD)

Probationary Period

Newly hired employees will be under a one-year probationary period. At the six-month mark of the hire date, supervisors will be made aware by Human Resources that the Probationary Evaluation is due. All employees will receive an evaluation annually due by October 15 of each year. Current employees who are promoted or transferred to a new position must serve a six-month probationary period. Supervisors will be notified that an evaluation is due at the six month mark.

Job Classification (Career Service)

Jobs within the career service staff at Pensacola State College have a specific title, which signifies that the employee in that position has met certain minimum qualifications for training and experience. Each career service job is assigned a specific salary range. When an employee is hired, he/she will receive the minimum amount within the assigned salary range for that particular job.

Salary ranges are reviewed periodically and checked against salaries in other businesses in order to provide equitable pay for College employees performing a variety of jobs. Job classifications are reviewed periodically as well. If the duties and responsibilities of a job change significantly, the job may be considered for reclassification.

A request to evaluate a job may be filed by the appropriate supervisor to his/her senior level administrator, or submitted annually with budget requests. If approved for audit, a representative of the Human Resources Department will initiate the process.

If a job is upgraded, the person who has been in the job receives first consideration for the reclassified position. When the incumbent meets the qualifications established for the upgraded job, the supervisor may recommend that the incumbent be promoted to that position. In each case, the employee's salary will be processed to reflect a promotion.
(AD)

Promotion

When opportunities for promotion arise, notices are sent via email and posted in the Human Resources department. Employees are eligible for promotion outside their department following six months of satisfactory service in their current position. (BT)

Reassignments/Transfers

The College may at any time authorize a transfer of any employee from one position to another within the same job classification. Transfers will be permitted only with the consent of the College and the departments concerned and must contribute to the good of the College. Additionally, the President may fill vacancies through transfer or promotion without advertising the position, providing that the procedure used is in compliance with equal opportunity rules and regulations.

When a career service employee changes positions due to reorganization, reduction-in force, or voluntary downgrade, the salary will be determined by the President, or his designee, within the classification they are being transferred to.

EMPLOYMENT AND PAYROLL INFORMATION

Work Day

The work day for full-time career service employees is eight and one-half (8 1/2) hours per day with a one hour unpaid lunch period. Employees are paid 7.5 hours per work day. Summer schedules will be announced.

Unless work conditions prohibit, employees may have a paid fifteen (15) minute break in the morning and a paid fifteen (15) minute break in the afternoon, provided it does not interfere with the normal function of the employee's duties. Break time is not accumulative; that is, employees may not use break time to lengthen the meal period or leave early at the end of the work day. If a break is not taken in the morning, it may not be added to the afternoon break time.

Pay Checks

All College employees are paid on a bi-weekly basis. The pay check details are available on line at "E-Human Resources" and show a breakdown of deductions, pre-tax status amounts, sick leave and annual leave current balances. Payroll deductions made are authorized by the employee or court mandated. Should three pay periods occur in one month, the third pay check usually is not reduced for optional deductions.

For the employee's convenience, the College provides direct deposit of pay checks. Arrangements for this service can be made at the Human Resources Department. Otherwise, pay checks are mailed to the employee's home address on record.

Members First Credit Union of Florida

College employees are eligible for membership at Members First Credit Union. Payroll deductions toward savings accounts or loan payments can be made for full-time employees only. Share and savings accounts, Individual Retirement Accounts, and Christmas Club accounts are some of the services available.

Identification Card (ID)

Employees will be issued a Pensacola State College ID card. Information about the Pensacola State College ID may be obtained by calling 484-2500. (AD)

Personal Check Cashing

Employees may cash personal checks at the Cashier's window for \$25.00 or less, if funds are available. Proper identification is required. (AD)

Holidays

Holidays are established annually by the adoption of the College calendar. Full-time (12-month) employees will be credited for pay purposes as 7.5 hours of pay on established holidays. During the four-day work week, holiday pay will be the same as the number of work hours normally scheduled for the employee on the particular day of the week in which the holiday occurs. Employees who are on approved leave with pay when holidays occur will not have such holidays charged against their accrued leave credits.

All employees will receive an equal amount of holiday hours during any work week in which a holiday falls, without regard to the employee's work schedule. If the holiday occurs on the employee's regular day off and the employee is required to work, the employee will be paid at the straight time rate for the time worked on the holiday.

Any time worked by a career service employee in excess of the employee's regular work day or not during normal work hours will be considered as additional straight time up to 40 hours per week, and overtime for hours worked beyond 40 in a work week.

To receive holiday pay, employees must have worked or been on an approved leave with pay status for more than 50% of the work hours of the week in which a holiday occurs. If the holiday makes up the entire work week, the employee must have worked or been in an approved leave with pay status for more than 50% of the work hours of the remaining week I the pay period. If the holiday makes up the entire pay period, the employee must have worked or been in an approved leave with pay status for more than 50% of the work hours of the work week preceding the holiday.

When employment is being terminated from the College, the employee must have worked more than 50% of the work week hours after a holiday in order to be eligible for holiday pay. Submitting leave (sick, annual, or personal leave) cannot satisfy the 50% work requirement. (AD)

Overtime (Career Service)

Overtime pay will be at the rate of one and one-half times the employee's regular pay rate. The overtime rate is paid for actual hours of work and certain paid hours beyond 40 hours in an established work week.

Overtime is paid after the employee completes or is credited for work and pay purposes in the excess of 40 hours within a work week for:

- Time actually worked
- Professional leave
- Temporary duty assignment

Annual, sick, and personal leave hours and on-call pay when an employee is not required to report to the work site during the work week will not count toward the 40 hours for the purpose of computing overtime. Employees will be paid at their regular rate for hours worked beyond 40 which do not meet these guidelines for computation of overtime.

Overtime must be requested in writing by the immediate supervisor and approved in advance by the appropriate Vice President, Associate Vice President, or senior level administrator before an employee works overtime hours.

Compensatory Time

A non-exempt employee who works overtime may be granted compensatory leave in lieu of compensation, subject to the following:

1. All compensatory time must be approved in advance by the appropriate senior level administrator or Vice President.
2. Any compensatory time must be taken within the pay period in which it is accrued. If earned at the end of a pay period, it must be approved by the President or his designee and used before the end of the next pay period.
3. There will be no accumulation of compensatory time other than as indicated. If the time is not taken, then it must be reported as overtime and funded out of the departmental budget. The Vice President must approve exceptions. (BT)

Shift Differential (Career Service)

To accommodate a variance in normal working hours, a daily premium payment or an hourly shift differential for non-exempt employees is provided. The following guidelines specify what work hours/shift qualify for the payment. Such payments will be authorized to approved positions only, and updated annually through the proper administrative channels.

First Shift (Premium Payment): Due to variances in starting and ending work times throughout College departments, the first shift covers day time work hours which begin at 5 a.m. or thereafter, but prior to noon, and end at 5 p.m. or later. An hourly amount as a differential is not paid on first shift work hours; however, when the assigned work hours of an employee extend beyond 5 p.m., the employee is entitled to a payment of \$1.00 per work day for such work shifts.

Second Shift (Differential): The second shift begins at 12 noon or thereafter but prior to 8 p.m. The differential for the second shift is \$.25 cents per hour.

Third Shift (Differential): The third shift begins at 8 p.m. or thereafter but prior to 5 a.m. The differential for the third shift is \$.40 cents per hour.

A list of positions eligible for shift payments will be forwarded by the department head, through the appropriate approval channel, at the beginning of each major term to the appropriate senior level administrator for approval. Following the approval decision, the list will be sent to the Payroll Department.

Payment will be made only to employees who, on a sustained and relatively permanent basis, work the shift hours as designated above.

Shift premium is payable for the entire shift with the exception of hours which qualify for overtime payment. Employees who work rotating shifts will be paid the premium payment or shift differential of the applicable shift as outlined above.

Department heads, through appropriate channels, must inform the appropriate senior level administrator of newly-assigned individuals who fill related positions or have long-term assignments which require working within the above guidelines and who are eligible for shift differential. (AD)

On-Call Pay

Career service employees will be paid for “on-call” duty during off-hour periods when the College is normally closed. Employee(s) will be issued a pager or cell phone, and be required to respond to an emergency situation or equipment malfunction within 30 minutes after being contacted by the Pensacola State College Police Department, or a manager. The employee must be available to report to the appropriate campus/work location and perform the required work.

On-call pay will be one hour normal pay for each normal workday on-call, and two hours pay for each non-scheduled work day on-call. An employee who is called in to work will receive a minimum of 2.5 hours pay for reporting to the work site in addition to the on-call pay. Hours worked above the 2.5 hours will be paid at the applicable hourly rate.

On-Call Pay examples:

Normal Schedule, \$12.00/hr employee:

5 normal work days x 1 hour pay @ \$12.00 =	\$60.00
2 non-scheduled days x 2 hours pay @ \$12.00 =	<u>\$48.00</u>
one week on-call pay total:	\$108.00

Summer Schedule, \$12.00/hr employee:

4 normal workdays x 1-hour pay @ \$12.00 =	\$48.00
3 non-scheduled days x 2 hours pay @ \$12.00 =	<u>\$72.00</u>
one week on-call pay total:	\$120.00

TYPES OF LEAVE

Annual Leave

All full-time, 12-month employees earn time off for vacation or personal business beginning with the first day of employment. Annual leave is credited to the employee on the last day of each pay period.

Requests to use annual leave should be submitted in advance. Annual leave may not be used without prior approval from the supervisor. Approval should be indicated by the supervisor's initials in the appropriate block at the bottom of the time sheet.

Annual leave accrues for full-time 12-month employees as follows:

- 1 to 5 years service1 day per month
- 5 to 10 years service1 1/4 days per month
- more than 10 years service1 1/2 days per month

Time credited for leave accrual will include all previous Florida state college system service whether continuous or not. Annual leave credits in the excess of 44 days in any calendar year will be used that calendar year or may be transferred to sick leave. The maximum amount of credit that can be transferred to sick leave will be without compensation and cannot be used in the calculation of terminal sick leave pay. (FS) (BT)

Terminal Pay for Annual Leave

Upon separation from the College, employees will receive payment for earned but unused annual leave not to exceed an amount equal to 44 days of pay. Employees participating in the Deferred Retirement Option Program (DROP) may receive payment for unused annual leave upon beginning or ending DROP participation. Part-time twelve-month employees with regularly established hours at the College shall accrue annual leave on a proportionately reduced basis, according to the fixed number of hours worked, provided no such leave will accrue to employees working a schedule of less than an average of 20 hours per week.

Upon separation from the College, all employees age 55 years or older with six or more years of full-time Pensacola State College employment, will receive payment for earned but not taken annual leave not to exceed an amount equal to 44 days of pay via the College's 401(a) Qualified Retirement Plan, the "National Plan." (FS) (BT)

Sick Leave

Sick leave is earned from the time a full-time employee is first employed and is credited on the last day of each pay period. Sick leave for full-time employees shall accrue at the rate of one (1) day for each calendar month or major portion thereof of service not to exceed 12 days for each fiscal year. Sick leave shall be cumulative from year to year.

An employee who needs to be absent from duty due to illness as defined below shall notify the supervisor, if possible, before the opening of the College on the day that the employee must be absent, or during the day except for acceptable emergency reasons. Before claiming and receiving sick leave compensation for the time absent, the employee must file the appropriate sick leave form in accordance with established procedures.

Sick leave use may be authorized by the President or the President's designated representative for the following reasons:

- personal sickness, disability, extended personal illness,
- appointments with a doctor, dentist or other medical practitioner for the employee or minor dependents, and/or
- illness/injury or death of the employee's father, mother, brother, sister, husband, wife, child, or other close relative, or member of the employee's own household.

Full-time employees may accumulate sick leave by transfer of earned annual leave credits as specified in the District Board of Trustees Policy 6Hx20-4.014. Sick leave credits accumulated by such transfer of annual leave must be used prior to the use of earned sick leave credits.

Accumulated sick leave may be transferred from another Florida community college, the Florida Department of Education, the State University System, a Florida district school board, or a state agency provided that at least one-half of the sick leave accumulated at any time must have been established at Pensacola State College.

If questions or concerns about the balance of a sick leave account occur, an audit of the account may be requested for the five preceding years. (FS) (BT)

Terminal Pay for Sick Leave

Full-time employees with at least five years of service whose employment is terminated for any reason from the College shall be entitled to terminal sick leave pay. The terminal pay is calculated by taking the employee's hourly rate of pay multiplied by the percentage factor from years of service times the number of accumulated sick leave hours. The terminal sick leave pay shall not exceed an amount as determined below:

<u>Years of Service</u>	<u>Percent of Leave Pay Off</u>
• at least 5 but not more than 8 years.	35% of unused hours
• after 8 years of service	40% of unused hours
• after 9 years of service	50% of unused hours
• after 14 years of service.	52 ½% of unused hours
• after 19 years of service.	55% of unused hours
• after 24 years of service.	57 ½% of unused hours

No payment will be made for unused sick leave for employees with less than five years service. Years of employment at other agencies will not be considered for length of service if the employee previously received terminal pay benefits based on unused sick leave.

Sick leave credits accumulated by transfer of annual leave shall be without compensation and shall not be used in the calculation of terminal sick leave pay.

If any employee receives terminal pay benefits based on unused sick leave credit, all unused sick leave credit will become invalid. If an employee terminates his employment without receiving terminal pay benefits is re-employed; his/her sick leave credit will be reinstated if earned at Pensacola State College. If leave credits were earned at another agency, leave will be reinstated according to Florida Statutes.

Terminal pay benefits, based on unused sick leave credit, specified by this policy for employees terminating their employment by the College are less than the terminal pay benefits the College is allowed to grant under State Law. From time to time, the College offers retirement/separation incentive programs to full-time employees.

Terminal pay benefits not to exceed an amount determined by multiplying an employee's hourly rate of pay by 50% plus, for the next 20 years, an additional 2.5% for each year of service beyond 10 years, times the number of days of accumulated sick leave, may be offered by the College to full-time employees with more than 10 years services as part of any retirement/separation incentive programs adopted by the Board, provided such terminal pay benefits do not exceed a total of the employee's daily rate of pay multiplied by the number of days of accumulated sick leave.

Terminal pay benefits for all College employees who separate from the College and who are 55 years of age or older and with six or more years of full-time employment at Pensacola State College, will be paid this amount via the College 401(a) Qualified

Retirement Plan, the "National Plan."

If a full-time employee with sick leave credits is terminated by disability retirement under FRS provisions or by death, the College shall pay to the employee or employee's beneficiary or estate, terminal pay benefits based on unused sick leave credit in the maximum amount allowed by state law. (FS) (BT)

Members shall make equal contributions to the pool. The initial contribution is one day of unused sick leave. Sufficient notice will be given if a further contribution is necessary.
- Use of the sick leave pool hours is limited to the employee's own personal injury, major illness, or accident.
- The employee must use the balance of their own sick leave and serve a 10-day waiting period prior to drawing from the pool hours. Maximum use is 45 days per contract/fiscal year, and a total of 90 days within any three consecutive years.
- Employees who chose to stop participating in the pool (by signing a statement) will not be eligible to withdraw any sick leave hours already contributed to the pool.
- A designated committee shall administer the sick leave pool, including investigating any alleged abuse of the pool. (BT)

Professional development leave may be granted for six (6) months or less at full pay, or at half pay for more than six (6) months to one (1) year. Eligibility to apply for subsequent terms of Professional Development Leave will begin after serving five (5) consecutive years beginning with the date of completion of previous leave. (BT)

Temporary Duty Assignments

Employees may be temporarily assigned to be absent from their regular duties in order to perform other educational services, including participation in school surveys, professional meetings, study, or workshops. Employees will receive their regular pay and temporary duty assignments are considered equal to the employee's regular duties; therefore, the employee is not to be considered to be on leave while performing temporary duty.

Temporary assignments are initiated by College administrators and should be mutually agreeable to the College and the employee. Assignments of temporary duty will be made only for the benefit of the College.

Release time is usually designed to be at the beginning or end of the workday and the employee should use a Pensacola State College fitness-facility or enroll in one of the employee courses that are offered for this purpose. If the supervisor wishes to allow release time at some other time throughout the work day, the employee and the supervisor should mutually agree upon a time so that the efficiency within the department is least affected. No hourly shift differential is paid on the release time.

To implement the exercise program, the employee should:

- Request permission from his/her supervisor to participate.
- Go to the Health Clinic or one of the L.I.F.E. Centers for a check of blood pressure, height, and weight.

Prior to receiving compensation from Pensacola State College, the official certification from the court with the actual days served for jury duty must be submitted to the Payroll office during the pay period ending due date. Any jury fees payable to the employee will be retained by the employee.

Any employee who is involved in litigation on behalf of the College or due to action as an employee, will not use court-related service, however, his/her appearance in such cases will be considered in the line of duty. Employees will be paid per diem and travel expenses in accordance with Florida Statutes and Board Policy, but will be required to turn over to the College any fees received from the court.

Leave of Absence

Leave of absence with or without pay occurs when an employee is absent from duties for a specific period of time, with the right to return to employment upon expiration of leave, and has the approval of the President for the absence. Unless otherwise provided by law, the granting of leave is at the discretion of the College. All leave requests with the exception of personal leave and annual leave require specific reason. (BT)

Leave Without Pay

The use of leave without pay, when an existing balance of comp time, annual leave, and/or sick leave is available, will be at the discretion of the supervisor with Vice President's approval.

If an employee finds it necessary to be absent for a period of time up to twelve (12) weeks, he or she may apply to his/her supervisor for leave without pay for the period of time required. The Request for Leave Without Pay form shall set forth the length of time requested and the reason for leave.

If the reason is for situations covered under the Family and Medical Leave Act (FMLA), the requestor should inform the supervisor, indicate it on the form, and consult Human Resources for processing within the FMLA guidelines.

Leave without pay for a period of time up to 12 weeks must be approved by the President, or designee, and reported to the Board of Trustees. An employee incapacitated due to physical or mental illness may, with the approval of the President, be placed on leave without pay until such time the employee is able to return to work.

If an employee is unable to work due to a serious health condition in accordance with FMLA, and is in an unpaid leave status for more than 12 weeks, the leave status will be considered to be unpaid FMLA leave for the first 12 weeks and a separate leave if the leave extends beyond 12 weeks. If an employee continues to be incapacitated for a period of time in the excess of 12 weeks, the Board may terminate the employee's employment. The form must be signed by the immediate supervisor, senior level administrator, and the college President. The signed form will must be forwarded to the Human Resources Department for further processing. Failure to provide written notice of intent to resign may be considered abandonment of the job.

On or near the last day of employment the employee will visit the Human Resources Department for an exit process which includes discussion of eligibility of continuation of health insurance coverage under federal law, final pay and if applicable, leave payouts. Keys and other College property assigned must be returned to the College upon departure, and failure to do so may result in delayed processing of final pay. (AD)

Absence Without Leave / Job Abandonment

An employee who is willfully absent from duty without leave shall forfeit compensation for the time absent, and shall be subject to dismissal or cancellation of their contract by the Board. Absence of three consecutive days without authorization shall constitute termination of employment. The supervisor must contact the Human Resources Department if an employee abandons his/her job. Accrued sick and annual leave may be used on a proportionate basis so that the total amount of pay received equals full pay.

the employee by the College shall be endorsed to the District Board of Trustees and turned in to the Human Resources Department. Double compensation for the same period of time is forbidden by state law. (BT) (FS)
