

PENSACOLA STATE COLLEGE

Salary Schedule 2026-2027

Introduction

The Pensacola State College Salary Schedule is developed as a guide for pay and classification ranges. The overall value of compensation considers the salary and benefits provided to attract highly talented and qualified candidates for employment.

Minimum starting salaries are key in recruiting for advertising position vacancies and initial hiring. Entrance salaries of new hires may be adjusted based on the President's approval. In offering salaries above the minimum range, consideration is given to the local labor market, the difficulty of filling positions, and positions in high demand. The classifications are designed in accordance with the Fair Labor Standards Act and have exempt and non-exempt status employees. Position and pay assignments are made fairly, equitably, and free of discriminatory practices.

Regular across-the-board increases, as approved by the District Board of Trustees and the current salary schedule, are available to eligible employees. Increases typically become effective July 1 for staff and at the beginning of the academic year for faculty. Upon recommendation of the President and at the discretion of the District Board of Trustees, a non-recurring salary increase to all eligible employees may be awarded at any time during the fiscal year (July 1 through June 30), contingent upon available funds. This non-recurring salary increase may be in addition to or in lieu of a regular salary increase.

Pensacola State College does not discriminate against any person on the basis of race, color, ethnicity, religion, sex (as defined by applicable federal and state law), national origin, age, disability, genetic information, pregnancy, or marital status in its educational programs, activities, or employment. For inquiries regarding the College's nondiscrimination policies, contact the Civil Rights Compliance Officer at (850) 484-1759, Pensacola State College, 1000 College Blvd., Pensacola, Florida 32504.

General Requirements

I. Minimum Work Week

Full-time Non-instructional Personnel:

The work week consists of five days per week, including evening or weekend assignments. A typical workday is 7:30 a.m. to 4:00 p.m. (or as approved by the appropriate senior-level administrator) with a one-hour unpaid lunch period unless otherwise approved. As approved by the Administration, the summer work week consists of four days per week, including evening or weekend assignments. A typical workday is 7:00 a.m. to 5:00 p.m. Monday through Thursday (or as approved by the appropriate senior-level administrator), with a 30-minute unpaid lunch Monday through Wednesday and a one-hour unpaid lunch period on Thursday. Senior-level administration will make assignments to support any functions of their areas that need a specific schedule other than this.

II. Special Contracts

Special contracts may be established by mutual agreement between the College and the employee to correspond with the length of the program or to compensate for teaching or consulting when the program requirements dictate a variance from the regular salary schedule. Factors considered in setting the amount include the requirements for particular expertise, preparation, materials, transportation, and related expenses.

III. Holidays

Holidays are established annually by the adoption of the College calendar. Full-time career service, professional non-exempt, professional/managerial, and executive employees will be credited for pay purposes with 7.5 hours of pay on established holidays during the five-day work week. During the four-day work week, holiday pay will be calculated based on the number of hours normally scheduled for the employee on the day the holiday occurs. Employees on approved leave with pay, including administrative, personal, sick leave, annual leave, and sick leave pool when holidays occur, will not have such holidays charged against their accrued leave credits.

All employees will receive the same number of holiday hours during any work week in which a holiday falls, regardless of the employee's work schedule.

To receive holiday pay, employees must have worked or been on approved leave with pay status on the day before and the day after a holiday. If an employee dies while the College is closed for a holiday, the final payday for that employee will include holiday pay through the date of death.

When an employee retires, they will be paid for any holiday through the end of the month, coinciding with their retirement date, if they work the last day available in that same month.

IV. Overlap in Position

An overlap in position to facilitate the transition and provide training for a new employee must be approved in advance by the President and is contingent upon the availability of funds. Both employees shall receive full benefits during the overlap period.

V. Extraordinary Assignment

If an employee is assigned a task or project by the President that is out of the ordinary scope of their position, that employee may be given a salary supplement as determined by the President. The supplement will not be added to the employee's base pay and is contingent upon the availability of funds.

VI. Timekeeping

College policy requires the proper timekeeping of hours worked and use of any paid leave to be accurately reflected in the College's time and leave reporting systems by all levels of employees. Misrepresentation of time for the purposes of pay may result in disciplinary action and is addressed in the Fraud policy available on the College website.

VII. Training and Experience Requirements

All applicants to be considered for employment must meet the minimum training and experience requirements specified in the generic job description for the appropriate classification.

Requests for approval of equivalent training and experience may be made when the following criteria are met:

- A. Realistic requirements of the job call for a different educational or experience background.
- B. The applicant's qualifications are equal to, or higher than, those required in the generic job description and are reasonable substitutes; for example, an equal educational level but a different major or the substitution of related experience on a year-for-year basis for the required education (or vice versa). Approval must be obtained from the President.

VIII. Full-time College Police Officers

In accordance with Florida Statute 943.22, Salary Incentive Program for full-time officers, the salary incentive plan is authorized to be provided to full-time Pensacola State College Police Officers meeting the conditions of the statute and having properly requested and documented such incentive pay to Human Resources. College Police Officers are hired at an additional \$2 per hour above the minimum starting salary.

IX. Compensation Calculation

Pay cycles for non-faculty assignments occur bi-weekly and use a 26-pay period amount. To determine an hourly rate from an annual salary, the calculation is Annual Salary / 1,950 hours equals the hourly rate X 75 hours in a bi-weekly pay period. In an average calendar year, paydays occur 26 times; however, every 11th year, 27 paydays happen.

Additional information is available in the Employee Handbook, College Procedures, and Board of Trustees Policies.

Career Service Employees

I. Entrance Salaries

New career service employees, regardless of the source of funds, are hired at the minimum salary for the classification unless a higher salary, not to exceed the mid-point, is recommended by the supervisor and approved by the President.

II. Promotion

The following criteria must be met for a move from a position (i.e., classification) in a lower pay level to that of a higher pay level:

- A. Employees who have completed at least six months of satisfactory experience in their current position may apply for promotional consideration to positions outside their division.
- B. Career service employees currently in conditional or special probationary status due to a below-satisfactory performance evaluation are not eligible for promotional consideration.
- C. When a career service employee's position changes due to reorganization, reduction-in-force, or voluntary downgrade, the President will determine their salary within the classification to which they are being transferred.

III. Compensatory Time

A non-exempt employee who works additional time may be granted compensatory leave instead of additional compensation, subject to the following:

- A. All compensatory time must be approved in advance by the appropriate senior-level administrator.
- B. Any compensatory time approved must be taken within the pay period following that in which it is accrued. Exceptions to allow compensatory time to be carried forward to subsequent pay periods must be approved by the President or his designee.
- C. There will be no accumulation of compensatory time other than as indicated. If the time is not taken, it must be reported for pay and funded out of the departmental budget before the end of the fiscal year.

IV. Overtime

Overtime must be requested in writing by the immediate supervisor and approved in advance by the appropriate senior-level administrator before an employee is authorized to work overtime. Overtime pay will be at the rate of one and one-half (1½) times the employee's regular hourly pay rate when the following established guidelines for overtime are met.

The overtime rate is paid for actual hours of work and certain other paid hours beyond 40 hours in an established work week. Overtime is paid after the employee completes, or is credited for work and pay purposes, in excess of 40 hours within a work week for time actually worked, professional leave, and/or temporary duty assignment.

Annual, sick, and personal leave hours and on-call pay when an employee is not required to report to the work site during the work week will not count toward the 40 hours to compute overtime. Employees will be paid at their regular rate for hours worked beyond 40 which do not meet these established overtime computation guidelines.

V. Education Incentive Program

A career service employee who receives a degree from an accredited institution after their initial employment with the College is eligible for a recurring educational incentive of \$1,000. For the purpose of this plan:

- A. Accredited institution means an accredited college, university, or community college which the Southern Association of Colleges and Schools, another regional accrediting agency, or the American Association of Collegiate Registrars and Admissions Officers has accredited.
- B. Awarded degrees to be considered for eligibility are associate's, bachelor's, and master's in fields related to the employee's current job.
- C. A lifetime limit of two (2) incentive awards will be given to any employee. Employees wishing to participate in this program will be responsible for filling out the required application materials and providing Human Resources with an official transcript from the degree-awarding institution. The award will take effect on the first pay period possible after all required documents have been provided by the employee to Human Resources.
- D. This plan excludes Pensacola State College Police Officers. The education incentive program for Police Officers is prescribed by Florida Statute 943.17.

On-call Pay

Career service employees will be paid for “on-call” duty during off-hour periods when the College is normally closed. Employee(s) will be required to respond to an emergency or equipment malfunction within 30 minutes after being contacted by the Pensacola State College Police Department or the appropriate college administrator. In addition, the employee must be available to report to the appropriate campus/work location and perform the required work.

On-call pay will be one hour of normal pay for each normal workday on-call and two hours of pay for each non-scheduled workday on-call. An employee who calls in to work will receive a minimum of 2.5 hours’ pay for reporting to the work site and the on-call pay. Hours worked above 2.5 hours will be paid at the applicable hourly rate.

PENSACOLA STATE COLLEGE
Salary Schedule
2026-2027

Professional/Managerial

I. Compensation

Professional/Managerial personnel employed or eligible for continuing contracts after July 1, 1968, may not be contracted on continuing contracts in administrative positions. However, they may receive continuing contracts in an instructional area but shall be contracted in administrative positions on a separate contract.

Faculty with continuing contract status who take leave from their faculty position to assume administrative duties at the college will receive a one-year contract for an administrative position unless they request to relinquish their faculty position to receive a multi-year contract in the administrative position. As of July 1, 2011, faculty in current administrative positions with multi-year contracts will be “grandfathered” in. Any exceptions shall require the President’s recommendation to the Board of Trustees for approval.

According to CBA 1701, C.2. of Article 17, a tenured faculty member who accepts an administrative appointment beginning on or after July 1, 2015, shall retain the right to return to the faculty position through June 30, following five (5) full years on the administrative appointment or voluntarily resigns his or her continuing contract.

Upon recommendation by the President, salaries of selected positions may be set administratively within the pay range of the assigned level. In addition, when deemed in the College's best interest and upon the President's recommendation, the annual salary of an individual Professional/Managerial employee may be maintained at a specific figure until further action.

The Professional Non-exempt Level 1 positions are eligible for overtime and compensatory time.

The Professional/Managerial exempt positions, Levels 2 through 7, are not eligible for overtime or compensatory time.

Professional Non-exempt

II. Compensatory Time – Professional Non-exempt

A non-exempt employee who works additional time may be granted compensatory leave instead of compensation, subject to the following:

All compensatory time must be approved in advance by the appropriate senior-level administrator.

PENSACOLA STATE COLLEGE
Salary Schedule
2026-2027

Any compensatory time approved must be taken within the pay period following that in which it is accrued. Exceptions to allow compensatory time to be carried forward to subsequent pay periods must be approved by the President or his designee.

There will be no accumulation of compensatory time other than as indicated. If the time is not taken, it must be reported for pay and funded from the departmental budget by the end of the fiscal year.

III. Overtime - Professional Non-exempt

Overtime must be requested in writing by the immediate supervisor and approved in advance by the appropriate senior-level administrator before an employee is authorized to work overtime. Overtime pay will be at the rate of one and one-half (1½) times the employee's regular hourly pay rate when the following established guidelines for overtime are met.

The overtime rate is paid for actual hours of work and certain other paid hours beyond 40 hours in an established work week. Overtime is paid after the employee completes or is credited for work and pay purposes, in excess of 40 hours within a work week for time actually worked, professional leave, and/or temporary duty assignment.

Annual, sick, and personal leave hours will not count toward the 40 hours to compute overtime. Employees will be paid at their regular rate for hours worked beyond 40 which do not meet these established overtime computation guidelines.

IV. Full-time College Police Officers

In accordance with Florida Statute 943.22, Salary Incentive Program for full-time officers, the salary incentive plan is authorized to be provided to full-time Pensacola State College Police Officers classified as Professional/Managerial meeting the conditions of the statute and having properly requested and documented such incentive pay to Human Resources.

PENSACOLA STATE COLLEGE
Salary Schedule
2026-2027

Full-time Faculty Pay, Adjunct Pay, and Part-time Pay Assignments

I. Full-time Faculty Pay: Full-time faculty are covered under a Collective Bargaining Agreement between the District Board of Trustees of Pensacola State College and the Pensacola State College Faculty Association which outlines pay. Therefore, this document does not detail the full-time faculty pay.

II. Compensation for Adjunct Instructors: Payment for services to perform part-time teaching as an adjunct will be determined by the departmental management in relation to the course being taught as credit or vocational and based on the educational degree of the employee. The pay for an academic term will be referred to as “Activity Pay” and set up and approved through the Workday system's Manage Period Activity Pay Assignments task. Each adjunct will process a Workday step of the agreement to accept the pay for the services.

	College Credit, Developmental Education	Vocational Credit, and Non-credit
	Contact Hourly Rates	Contact Hourly Rates
Doctorate	\$38.00	\$32.00
Master’s Plus	\$36.50	\$31.00
Master’s	\$35.00	\$30.00
Bachelor’s	\$32.00	\$28.00

III. Professional Development Incentive Plan: Adjunct faculty shall receive a \$2.00 per hour pay increase upon successfully completing the professional development program as provided by the Office of Staff & Professional Development.

Instructors who have special licensure or accreditation, professional preparation, highly technical training, or special department assignment, where the local availability of adjuncts is limited	\$16.50 - \$77.00 per hour

V. Independent Study Courses: Hourly rate x 1½ x number of credits x number of students

VI. Compensation for Substitute Instructors: Substitute overloads shall be compensated at the overload pay rate (see Section 15.02.C.). However, with the immediate supervisor's approval, faculty members may mutually agree to exchange work hours on a one-to-one basis within the same thirty-five (35) hour work week without additional compensation.

VII. Compensation for Full-time Employees Teaching Additional Assignments: All full-time employees shall be compensated at the following hourly rates. If the full-time employee teaches during their normal duty/work hours, they must make up the time away from their regular position within the same pay period.

	College Credit, Developmental Education	Vocational Credit, and Non-credit
	Contact Hourly Rates	Contact Hourly Rates
