

**WEEK 1: May 26 to May 29**

**(4-Day Week)**

**Kids College 2026**

**Ages 6 to 8 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- All-Star Sports Adventure and Pickleball Experience **\$88**
- Tumble and Twist Gymnastics **\$88**

**Ages 6 to 8 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- African Art Explorers **\$88**
- Athletics and Innovation Camp **\$88**

**Ages 9 to 12 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- All-Star Sports Adventure and Pickleball Experience **\$88**
- Tumble and Twist Gymnastics **\$88**

**Ages 9 to 12 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- Athletics and Innovation Camp **\$88**
- Digital Discovery Camp: Explore, Create & Present **\$88**

*\*Kids College reserves the right to modify classes, schedules, or offerings as needed due to enrollment or other circumstances.*

**Detailed course descriptions are provided on the next page.**

## WEEK 1

### Course Descriptions

#### **All-Star Sports and Pickleball Experience**

A fun and energetic mix of gym and outdoor games with hands-on pickleball instruction. This camp is ideal for young athletes who enjoy staying active and trying new activities.

#### **Tumble and Twist Gymnastics**

Campers build strength, coordination, and confidence while learning beginner friendly gymnastics skills. Activities include tumbling, balancing, stretching, and creative movement in a structured gym environment.

#### **Athletics and Innovation Camp**

Campers explore a blend of sports and hands-on STEAM challenges. Each day includes active play and creative problem solving that builds teamwork, agility, curiosity, and innovation.

#### **African Art Explorers**

Embark on a colorful journey across the African continent! Young artists will explore vibrant traditions, bold patterns, and inspiring stories found in African art. Campers will discover new ways to express themselves while learning about the cultures that shaped these beautiful art forms. Get ready for hands-on creativity, cultural adventure, and lots of imaginative fun!

#### **Digital Discovery Camp: Explore, Create & Present**

This immersive tech-friendly camp lets kids explore the world in a whole new way! Each day introduces a different virtual field trip - from exciting animal encounters to museum tours, natural wonders, science adventures, and behind-the-scenes factory visits. Campers use desktop computers to research their destinations, collect facts, and build colorful Word documents that reflect their discoveries.

Campers will also while also participating in a **hands-on photography component** where they learn basic photography skills such as framing, focus, and visual storytelling. Please bring a digital camera and battery each day to class.

**WEEK 2: June 1 – June 5**

**Kids College 2026**

**Ages 6 to 8 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- All-Sports and Tennis Experience **\$110**
- Tumble and Twist Gymnastics **\$110**
- Tech Explorers: Coding and STEAM Fusion **\$110**

**Ages 6 to 8 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- Splash and STEAM Explorers **\$110**
- LEGO® AI Inventors Lab (Specialty Camp for Ages 8–12) **\$125**
- Innovation Camp and Athletics **\$110**

**Ages 9 to 12 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- All-Sports and Tennis Experience **\$110**
- Center Stage Theatre Studio (Full-Day Specialty Camp) **\$235**
- Tumble and Twist Gymnastics **\$110**

**Ages 9 to 12 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- Innovation Camp and Athletics **\$110**
- LEGO® AI Inventors Lab (Specialty Camp for Ages 8–12) **\$125**
- Center Stage Theatre Studio (Full-Day Specialty Camp) **\$235**

**Detailed course descriptions are provided on the next page.**

## WEEK 2

### Course Descriptions

#### **All Sports and Tennis Experience**

A fun and energetic mix of gym and outdoor games. Campers also receive hands-on tennis instruction. This camp is ideal for young athletes who enjoy staying active and trying new activities.

#### **Center Stage Theatre Studio**

A full day, weeklong specialty camp where young performers explore acting, singing, and character creation. Campers rehearse scenes, build confidence, and prepare a small production to share with family and friends.

#### **Tumble and Twist Gymnastics**

Campers build strength, coordination, and confidence through beginner friendly gymnastics activities. Skills include tumbling, balancing, stretching, and creative movement in a structured gym environment.

#### **Tech Explorers: Coding and STEAM Fusion**

Campers explore beginner friendly coding and hands-on STEAM projects. They experiment, design, and build as they learn to think creatively and solve problems using technology.

#### **Innovation Camp and Athletics**

Campers participate in a combination of sports and hands-on STEAM challenges. Each day includes active play and problem-solving activities that build teamwork, agility, curiosity, and creativity.

#### **Splash and STEAM Explorers**

Campers spend part of the day improving swimming skills and the other part engaging in hands-on STEAM activities on land. The camp blends water confidence with creativity, problem solving, and discovery.

#### **LEGO® AI Inventors Lab**

A half day specialty camp for ages 8–12. Campers create LEGO® builds enhanced with beginner friendly AI concepts. They design, experiment, and problem solve as they build models that move, react, and respond.

**WEEK 3: June 8 – June 12**

**Kids College 2026**

**Ages 6 to 8 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- Tennis and All-Sports Play **\$110**
- Read, Weave, and Thrive **\$110**
- Tumble and Twist Gymnastics **\$110**

**Ages 6 to 8 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- Bowling and STEAM Rollers **\$110**
- Imagination Makers (ART) **\$110**

**Ages 9 to 12 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- Tennis and All-Sports Play **\$110**
- Aviation Explorers: Flight and Propulsion (Specialty Camp) **\$125**
- Tumble and Twist Gymnastics **\$110**

**Ages 9 to 12 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- Splash and STEAM Explorers **\$110**
- Survival Threads: Beading and Weaving Basics **\$110**

**Detailed course descriptions are provided on the next page.**

## WEEK 3

### Course Descriptions

#### **Tennis and All Sports Play**

Campers practice tennis skills through fun drills and friendly match play. They also participate in outdoor sports and games that help build coordination, confidence, and teamwork.

#### **Aviation Explorers: Flight and Propulsion**

A half day specialty camp where campers learn how airplanes work, including wings, engines, and propulsion. Activities include hands-on projects and engaging builds. Campers also take two field trips to explore real world aviation.

#### **Read, Weave, and Thrive**

This class combines an engaging story with practical hands-on skills. Campers learn to bead, weave, and create simple crafts. These projects help build creativity, resourcefulness, and basic survival style skills.

#### **Tumble and Twist Gymnastics**

Campers develop strength, coordination, and confidence through beginner friendly gymnastics activities. Skills include tumbling, balancing, stretching, and creative movement in a structured gym setting.

#### **Splash and STEAM Explorers**

Campers spend part of the day building swimming skills and part of the day participating in hands-on STEAM activities. This camp blends water confidence with creativity, problem solving, and discovery.

#### **Bowling and STEAM Rollers**

Campers learn the basics of bowling through guided practice and skill building games. They also participate in STEAM activities that connect science to real world movement. A field trip to a bowling alley lets campers apply what they have learned.

#### **Imagination Makers**

Campers build artistic skills through creative projects that include color, crafting, and design. This class is ideal for young artists who enjoy exploring new ways to express themselves.

#### **Survival Threads: Beading and Weaving Basics**

Teaches campers how to bead and weave with purpose, using a mix of natural and modern materials. As they create decorative and practical items, they also learn foundational techniques that relate to real world- survival concepts.

**WEEK 4: June 15 – June 19**

**Kids College 2026**

**Ages 6 to 8 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- Cupstack Champs and Sports Mix **\$110**
- Bytes and Bugs **\$110**
- Art Explorers Workshop **\$110**

**Ages 6 to 8 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- Splash and STEAM Explorers **\$110**
- LEGO® AI Inventors Lab (Specialty Camp for Ages 8–12) **\$125**
- Innovation Camp and Athletics **\$110**
- Imaginative & Inviting with Art **\$110**

**Ages 9 to 12 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- Comic Creations and Embroidery Art **\$110**
- Cupstack Champs and Sports Mix **\$110**
- Imaginative & Inviting with Art **\$110**

**Ages 9 to 12 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- LEGO® AI Inventors Lab (Specialty Camp for Ages 8–12) **\$125**
- Babysitting Basics Bootcamp (Specialty Camp) **\$125**
- Innovation Camp and Athletics **\$110**

**Detailed course descriptions are provided on the next page.**

## WEEK 4

### Course Descriptions

#### **Comic Creations and Embroidery Art**

Campers create their own comic book and learn basic hand embroidery stitches. These skills allow them to add unique, textured designs inspired by the stories they write and illustrate.

#### **CupStack Champs and Sports Mix**

Campers practice sport stacking to build reflexes and concentration. They also participate in outdoor sports and games that support movement, skill development, and summertime fun.

#### **Bytes and Bugs**

Campers learn beginner friendly coding skills and explore the world of insects. Through digital problem solving and hands-on bug investigations, they build curiosity in both technology and nature.

#### **Art Explorers Workshop**

Campers travel through the world of art as they experiment with bold colors, new materials, and creative techniques. Projects encourage self-expression and artistic confidence.

#### **LEGO® AI Inventors Lab**

A half day specialty camp for ages 8–12. Campers create LEGO® builds enhanced with beginner friendly AI concepts. They design, experiment, and problem solve as they build models that move, react, and respond.

#### **Splash and STEAM Explorers**

Campers build confidence in the water during swim time and then participate in hands-on STEAM activities on land. This camp blends movement, creativity, science, and discovery.

#### **Babysitting Basics Bootcamp**

Campers learn essential caregiving skills including safety, responsibility, communication, and basic first aid. This hands-on specialty class prepares students for real babysitting opportunities.

#### **Innovation Camp and Athletics**

Campers explore a mix of sports and hands-on STEAM activities. Each day includes active play and creative problem solving that builds teamwork, agility, and curiosity.

#### **Imaginative & Inviting with Art**

*Let creativity take the lead!* In this hands-on art class, young artists will explore color, shape, and imagination through fun, guided activities. Campers will experiment with different materials, express their ideas, and discover the joy of making art in a supportive, playful environment—no experience needed!

**WEEK 5: June 22 – June 26**

**Kids College 2026**

**Ages 6 to 8 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- Cupstack and Tennis Tracks **\$110**
- Discovery Lab and Microscope Magic (Specialty Camp) **\$125**
- Tumble and Twist Gymnastics **\$110**

**Ages 6 to 8 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- Felt and Appliqué Art Studio & Little Green Thumbs: Plant & Grow Lab **\$110**
- Fiesta of Colors: Mexican Art **\$110**
- LEGO® AI Inventors Lab (Specialty Camp for Ages 8–12) **\$125**

**Ages 9 to 12 – Morning Session (8:30 a.m. to 12:00 p.m.)**

**Choose one option:**

- Cupstack and Tennis Tracks **\$110**
- Code and Create STEAM Fusion **\$110**
- Felt and Appliqué Art Studio **\$110**
- Tumble and Twist Gymnastics **\$110**
- Art Explorers Workshop **\$110**

**Ages 9 to 12 – Afternoon Session (1:00 p.m. to 4:30 p.m.)**

**Choose one option:**

- LEGO® AI Inventors Lab (Specialty Camp for Ages 8–12) **\$125**
- BrainPower with Art & Basketball **\$110**
- Splash & BrainPower with Art **\$110**

**Detailed course descriptions are provided on the next page.**

## WEEK 5

### Course Descriptions

#### **Cupstack and Tennis Tracks**

Campers build speed and focus through cup stacking activities. They then move to the tennis courts for drills and friendly match play. This camp offers a fun blend of precision, movement, and summertime activity.

#### **Discovery Lab and Microscope Magic**

Campers explore science through hands-on experiments during this half day specialty camp. They use microscopes to get a closer look at the world around them. This camp combines creativity, curiosity, and scientific discovery.

#### **Code and Create STEAM Fusion**

Campers develop creativity as they learn basic coding skills and participate in colorful, hands-on STEAM activities. Each session supports critical thinking, teamwork, and imaginative design.

#### **Felt and Appliqué Art Studio**

Campers learn to design and layer colorful fabrics while creating unique appliqué and felt art pieces. This hands-on class encourages craftsmanship, creativity, and expressive making.

#### **Tumble and Twist Gymnastics**

Campers build strength, coordination, and confidence while learning beginner friendly gymnastics skills. Activities include tumbling, balancing, stretching, and creative movement in a supportive, structured gym environment.

#### **Art Explorers Workshop**

Campers explore the world of art by experimenting with bold colors, new materials, and exciting techniques. The workshop encourages creativity and artistic self-expression.

#### **Fiesta of Colors: Mexican Art**

Campers create bright and expressive artwork inspired by Mexican folk traditions. They explore patterns, textures, and storytelling through hands-on, culturally inspired art projects.

#### **BrainPower with ART & Basketball**

Campers enjoy active basketball instruction and friendly play. They also participate in hands-on STEAM - ART projects that bring science and creativity together. What a great combination!

#### **LEGO® AI Inventors Lab**

A half day specialty camp for ages 8–12. Campers create LEGO® builds enhanced with beginner friendly AI concepts. They design, experiment, and problem solve as they build models that move, react, and respond.

**Little Green Thumbs: Plant & Grow Lab**

In this hands-on science class, young learners dig into the wonderful world of plants! Campers explore how plants grow, what they need to survive, and why they are important to our everyday lives.

**Splash & BrainPower with ART**

Campers build confidence in the water during swim time and then participate in hands-on STEAM -ART projects that bring science and creativity together.
