

Amendment
Architectural Services – Continuing Contract
RFQ 11-2023/2024

Amendment #1

Pensacola State College seeks to amend the first paragraph found on page 16 under the heading SCOPE OF WORK to reflect the current statutory amounts within Florida Statute 287.055 (2)(g). The paragraph shall be amended to the following:

The successful firm will be required to provide sufficient information to permit contractors to respond to the College's request for proposals and permit the College to enter into a construction contract. The budget for each project and service requested shall be determined based on each project's specific scope and requirements. In accordance with 287.055

(2) (g), Florida Statutes, each individual project under the contract shall not exceed \$7.5 million. For study activity, each individual study under the contract shall not exceed \$500,000. The architectural services shall include, but are not limited to, all professional services and meetings required for the following:

The above paragraph completely replaces the original paragraph. These changes shall be in effect through the original term, and any renewal periods from the original RFQ (through August 31, 2028, if all renewal extensions are taken).
