

PENSACOLA STATE COLLEGE

Human Anatomy and Physiology I - Section Syllabus

BSC 2085, M1029

Spring 2025, Session A

Instructor: Dr. Kohlton Bendowski

Office: Pensacola Campus, Room TBD

Phone: TBD

Email: kbendowski@pensacolastate.edu

Office Hours: TBD

Department Head:

Department Head Phone: (850) 484-1106

Department Head Email: @pensacolastate.edu

Final Exam Date: TBD

Last Date of Drop/Add: January 16, 2025

Last Date for Student to Withdraw: April 7, 2025

Course Description:

A study of human anatomy emphasizing normal physiology and disease states that result when normal homeostatic mechanisms are compromised. Topics covered include basic cellular function; tissue components of the body, cellular metabolism, integumentary, skeletal, muscular, and nervous systems; and special senses.

Class Meeting Time: M_W | 11:00 PM - 12:15 PM

Class Location: Milton Campus, Bldg. 4800, Room 4815

Credits: 3

Prerequisites: Placement at the college level in reading and writing.

Offered: FA, SU, SP

Distribution: Meets AA General Education Core, Natural Sciences (Biological Sciences) requirement

Required Textbooks and Instructional Materials:

Anatomy & Physiology an Integrative Approach Text + Connect Access Code 4 2022; 9781265453466; 4th edition; McGraw Hill or

Anatomy & Physiology an Integrative Approach Connect Access Code for A&P 4 20 22; 9781266594779; 4th edition; McGraw Hill

Supplemental Textbooks and Instructional Materials: (if applicable)

None

Special Requirements: (if applicable)

Student Expectations—Students enrolled in this course can expect the following: 1) clearly identified course objectives; 2) productive class meetings; 3) a positive learning environment; 4) opportunities for appropriate student participation; 5) effective instruction; 6) positive and appropriate interactions; 7) assistance with

meeting course objectives during and beyond class hours; 8) evaluation of student performance and appropriate and timely feedback; and 9) clear and well-organized instruction.

Methods of Evaluation:

At minimum, the instructor will cover content which aligns with statewide and institutional learning outcomes for the course. The instructor will measure student performance using the following:

Exams: Four-unit exams will be given throughout the semester with a cumulative final exam. The exams may include multiple choice, matching, or fill-in-the-blank questions. Students may be asked to identify anatomical and cellular structures from images given on the exams as well as answer questions derived from the lecture, lecture slides, or material covered in the textbook. Each exam, including the cumulative final, will be worth 80% of the student's grade. The cumulative final will replace the lowest unit exam score.

Homework: Homework assignments will be given for each unit. Homework assignments are due at 11:59 pm on the date posted in the syllabus. Altogether, the homework assignments will be worth 20% of the student's grade.

Bonus Questions: Exams may contain bonus questions for extra credit at the instructor's discretion.

Grading scale and evaluation methods:

Four Unit Exams + Cumulative Final: 80%	90-100%:	A
	88-89%:	B+
Homework assignments: 20%	80-87%:	B
	78-79%:	C+
	70-77%:	C
	68-69%:	D+
Total: 100%	60-67%:	D
	Grades below 59%:	F

Student Expectations: Students enrolled in this course can expect the following:

1. Clearly identified course objectives;
2. Productive class meetings;
3. A positive learning environment;
4. Opportunities for appropriate student participation;
5. Effective instruction;
6. Positive and appropriate interactions;
7. Assistance with meeting course objectives during and beyond class hours;
8. Evaluation of student performance and appropriate and timely feedback; and
9. Clear and well-organized instruction.

General Education Student Learning Outcomes: (if applicable)

Critical Thinking: The student analyzes, evaluates, and, if necessary, challenges the validity of ideas, principles, or data in order to develop informed opinions, probable predictions, or defensible conclusions.

Scientific and Mathematical Literacy: The student properly identifies and applies scientific or mathematical principles and methods.

Information Literacy: The student effectively locates, evaluates, and applies information from a variety of sources.

Program Student Learning Outcomes: (if applicable)

None

Course Learning Outcomes:

1. Demonstrate an understanding of metabolic processes in the human body at the cellular level.
2. Explain concepts concerning the organization of the human body.
3. Understand physiological homeostasis as it relates to health and disease.
4. Describe the basic tissues of the body and their location and explain their functions.
5. Demonstrate an understanding of human genetics and genetically transmitted diseases.
6. Explain the normal structure, function, and major pathological conditions of the integumentary, skeletal, muscular, and nervous systems.
7. Describe the structures that comprise the special sensory organs and explain their normal functioning and major pathologic conditions.

Academic Dishonesty Statement:

Pensacola State College is committed to upholding the highest standards of academic conduct. All forms of academic dishonesty, to include plagiarism and cheating, are prohibited. Penalties for academic dishonesty include but are not limited to one or more of the following: the awarding of no credit on the assignment, a reduction in the course grade, or the assignment of a final course grade of F and removal from the course. See the College Catalog for more details: <https://pensacolastate.smartcatalogiq.com/en/2023-2024/Catalog/Student-Handbook/Student-Responsibilities/Plagiarism-and-Academic-Cheating>

Student Email Accounts:

Pensacola State College provides an institutional email account to all students enrolled in courses for credit. PirateMail is the official method of communication, and students must use PirateMail when communicating with the College. In cases where companion software is used for a particular class, email may be exchanged between instructor and student using the companion software.

Flexibility:

It is the intention of the instructor to accomplish the objectives specified in the course syllabus. However, circumstances may arise which prohibit the fulfilling of this endeavor. Therefore, this syllabus is subject to change. When possible, students will be notified of any change in advance of its occurrence.

ADA Statement:

Students with a disability that falls under the Americans with Disability Act or Section 504 of the Rehabilitation Act, it is the responsibility of the student to notify Student Resource Center for ADA Services to discuss any special needs or equipment necessary to accomplish the requirements for this course. Upon completion of registration with the Student Resource Center for ADA Services office, specific arrangements can be discussed with the instructor.

Pirates CARE Student Resource Center

As a student, you may experience challenges that can interfere with your academic and personal success. These can include things such as basic needs (food, housing, transportation, healthcare, etc.), increased anxiety, depression, substance use, grief, or other stressful experiences. The Pirates CARE Student Resource Center provides free services to students, including emergency aid, campus food pantries, career clothing closets, connections to local resources for basic needs support, and confidential mental health counseling services provided in-person or via telehealth.

You can contact the Pirates CARE Student Resource Center at 850-484-1759 or by email at PiratesCARE@pensacolastate.edu. More information about our services can be found online at www.pensacolastate.edu/PiratesCARE.

For additional 24/7 crisis help, the Crisis Text Line can be accessed by texting "GULF" to 741-741, and the Suicide Lifeline can be reached by phone at 9-8-8.

Equity Statement:

Pensacola State College does not discriminate against any person on the basis of race, color, national origin, sex, disability, age, ethnicity, religion, marital status, pregnancy, sexual orientation, gender identity or genetic information in its programs, activities, and employment. For inquiries regarding the College's nondiscrimination policies, contact the Executive Director of Institutional Equity and Student Conduct, 1000 College Blvd., Building 5, Pensacola, Florida 32504, (850) 484-1759.

Security Statement:

Pensacola State College is committed to encouraging all members of the College community to be proactive in personal safety measures. In case of emergency, students should ensure that they are aware of the building exit closest to each of their classrooms, as well as all alternative building exits in case circumstances require using a different route.

Emergency Statement:

In the case of severe weather or other emergency, the College administration maintains communication with appropriate state and local agencies and makes a determination regarding the cancellation of classes. Notices of cancellation will be made through the College's PSC Alert system and on the College's website.
