

# PENSACOLA STATE COLLEGE

## SYLLABUS

Earth Science

ESC1000-D9117

Summer 2026, Session C

**Instructor:** Dr. Caren Garrity

**Office:** Pensacola Campus, Building 17, Room 1745

**Phone:** 850-484-2056

**Email:** cgarrity@pensacolastate.edu

**Office Hours:** TBD

**Department Head:** Dr. Vasanth Ramachandran

**Department Head Office:** 1760-A

**Department Head Phone:** (850)484-1106

**Department Head Email:** vramachandran@pensacolastate.edu

**Last Date of Drop/Add:** June 12, 2026

**Last Date for Student to Withdraw:** July 21, 2026

**Final Exam Date:** TBD

**Class Meeting Time:** Online (asynchronous)

**Class Location:** Canvas

**Prerequisites:** Placement at the college level or completion of the appropriate exit-level developmental course(s) with a grade of C or better.

**Course Description:** Using the scientific method, critical thinking skills, data analysis, this course will examine the fundamental processes of the earth system, composed of an atmosphere, hydrosphere, lithosphere, biosphere, and exosphere, through time. The course will also explore interactions between these spheres, including critical analysis of scientific theories and emphasize Earth's connections with humans.

**Credit Hours:** 3 credit hours

**Semesters Offered:** Fall, Spring, Summer

**Course Designations:** **College Transfer.** Meets AA General Education Core, Natural Sciences (Physical Sciences) requirement.

**General Education Core Course Standard:** Per Florida Statute 1007.25, "Natural science courses must afford students the ability to critically examine and evaluate the principles of the scientific method, model construction, and use the scientific method to explain natural experiences and phenomena."

**Required Textbooks and Instructional Materials:** *Lumen Learning. Earth Science. LibreTexts,*  
[https://geo.libretexts.org/Courses/Lumen\\_Learning/Earth\\_Science\\_\(Lumen\)](https://geo.libretexts.org/Courses/Lumen_Learning/Earth_Science_(Lumen))

### Zero Textbook Cost (ZTC)

The educational materials used in this course, including textbooks and ancillary materials, are intended for educational purposes only. All opinions represent those of the author(s) and not necessarily those of Pensacola State College, or the instructor.

### Course Learning Outcomes:

1. List and/or identify the most common elements, minerals, and rocks of the earth's crust.

2. Diagram the rock cycle and correlate rock types with the environment in which they are formed.
3. Understand the actions and interactions of external processes such as wind, weathering, mass wasting, and the general role of water on the earth's crust including streams, ice, and underground water.
4. Recognize the internal processes such as earthquakes, plate tectonics, igneous activity, mountain building and geologic structures and the theories related to these processes.
5. Discuss the geologic features of the ocean floor and explain the dynamics of the ocean floor.
6. Describe the composition and structure of the atmosphere focusing on the elements of weather in relation to earth processes.
7. Appreciate earth's place in the universe regarding the general nature of galaxies, stars, and the solar system.

**General Education Student Learning Outcomes:**

- 1. Critical Thinking:** The student analyzes, evaluates, and, if necessary, challenges the validity of ideas, principles, or data in order to develop informed opinions, probable predictions, or defensible conclusions.
- 2. Scientific and Mathematical Literacy:** The student properly identifies and applies scientific or mathematical principles and methods.
- 3. Information Literacy:** The student effectively locates, evaluates, and applies information from a variety of sources.

**Methods of Evaluation:**

At minimum, the instructor will cover content which aligns with statewide and institutional learning outcomes for the course. The instructor will measure student performance using the following:

Discussions (8 total)	165 points
Quizzes (14 total)	270 points
Activity Quizzes (7 total)	210 points
Research Paper (3 steps)	150 points
Earthquake Location	25 points
Final Comprehensive Exam	200 points
<b>Total Points</b>	<b>1020 points</b>

Percent	Letter Grade
90-100	A
88-89	B+
80-87	B
78-79	C+
70-77	C
68-69	D+
60-67	D
Below 60	F

**Student Expectations:** Students enrolled in this course can expect the following:

1. Clearly identified course objectives;
2. Productive class meetings;
3. A positive learning environment;
4. Opportunities for appropriate student participation;
5. Effective instruction;
6. Positive and appropriate interactions;
7. Assistance with meeting course objectives during and beyond class hours;
8. Evaluation of student performance and appropriate and timely feedback; and
9. Clear and well-organized instruction.

**Academic Dishonesty Statement:** Pensacola State College is committed to upholding the highest standards of academic conduct. All forms of academic dishonesty, to include plagiarism and cheating, are prohibited. Penalties for academic dishonesty include but are not limited to one or more of the following: the awarding of no credit on the assignment, a reduction in the course grade, or the assignment of a final course grade of F and removal from the course. See the College Catalog for more details: [Academic Integrity](#)

**ADA Statement:** Students with a disability that falls under the Americans with Disability Act Amendments Act of 2008 or Section 504 of the Rehabilitation Act should contact the Student Resource Center for ADA Services to discuss academic accommodations. Appropriate academic accommodations are determined on an individual basis with careful consideration of the course learning outcomes and the documentation of the disability. For more information, students should visit the Student Resource Center for ADA Services on the Pensacola campus in building 6, room 603; call 850-484-1637; email [ADAservices@pensacolastate.edu](mailto:ADAservices@pensacolastate.edu); or complete the online intake form in the ADA Services app within the MyPSC apps dashboard.

**Emergency Statement:** In the case of severe weather or other emergency, the College administration maintains communication with appropriate state and local agencies and makes a determination regarding the cancellation of classes. Notices of cancellation will be made through the College's PSC Alert system and on the College's website.

**Flexibility Statement:** It is the intention of the instructor to accomplish the objectives specified in the course syllabus. However, circumstances may arise which prohibit the fulfilling of this endeavor. Therefore, this syllabus is subject to change. When possible, students will be notified of any change in advance of its occurrence.

**Non-Discrimination Statement:** Pensacola State College does not discriminate against any person on the basis of race, color, ethnicity, religion, sex (as defined by applicable federal and state law), national origin, age, disability, genetic information, pregnancy, or marital status in its educational programs, activities, or employment. For inquiries regarding the College's nondiscrimination policies, contact the Civil Rights Compliance Officer at (850) 484-1759, Pensacola State College, 1000 College Blvd., Pensacola, Florida 32504.

**Security Statement:** Pensacola State College is committed to encouraging all members of the College community to be proactive in personal safety measures. In case of emergency, students should ensure that they are aware of the building exit closest to each of their classrooms, as well as all alternative building exits in case circumstances require using a different route.

**Student Email Accounts:** Pensacola State College provides an institutional email account to all students enrolled in courses for credit. PirateMail is the official method of communication, and students must use PirateMail when communicating with the College. In cases where companion software is used for a particular class, email may be exchanged between instructor and student using the companion software.
