Minimum Requirements for Online Classes	Access to a Windows or Mac-based computer with a working webcam and microphone is required for this course. Mobile devices such as Androids, iPhones, iPads, or other tablets or Chromebooks are not recommended because of their limited functionality. Reliable, high-speed internet access is also required. Specific browser and computer requirements for using Canvas, PSC's learning Management System. Computer access is available to students on all PSC campuses and centers
Course Learning Outcomes	<ol style="list-style-type: none"> 1. Students will be able to identify basic psychological theories, terms, and principles from historical and current perspectives. 2. Students will be able to recognize real-world applications of psychological theories, terms, and principles. 3. Students will be able to recognize basic strategies used in psychological research. 4. Students will be able to draw logical conclusions about behavior and mental processes based on empirical evidence.
General Education Student Learning Outcomes	<ol style="list-style-type: none"> 1. Critical Thinking: The student analyzes, evaluates, and, if necessary, challenges the validity of ideas, principles, or data in order to develop informed opinions, probable predictions, or defensible conclusions. 2. Communication: The student effectively communicates knowledge and ideas. 3. Cultural Literacy: Demonstrate an understanding of human culture.
General Education Writing Emphasis Course Requirements	<ol style="list-style-type: none"> 1. All writing used to fulfill the writing emphasis requirement must possess the five characteristics of college-level writing: 1) have a clearly identified central idea or thesis; 2) provide adequate support for the idea; 3) be organized clearly and logically; 4) show awareness of the conventions of standard written English; and 5) be formatted in an appropriate fashion for the assignment. 2. A minimum of four (4) evaluated assignments, which may include the final exam, is required. Because an extensive amount of writing is intended by Rule 6A-10.030, F.A.C., additional writing assignments may be used to satisfy this requirement. 3. The grades earned on the writing assignments must reflect student performance in college-level writing and significantly impact the final course grade. 4. All sections of a course must meet all requirements. 5. Instructors provide detailed feedback regarding the content, organization, and use of standard written English for all writing used to satisfy the requirement. 6. Instructors return each evaluated writing assignment to a student before the submission of the next evaluated writing assignment, with the exception of a final exam used to satisfy the requirement. 7. Only individual, original student work counts toward the extensive writing requirement; AI or machine-written content is not accepted.

	8. The grading rubrics used for each writing assignment will be shared with students and will be uniformly applied as the assessment instrument in all sections of a course.

AI Statement for Writing Emphasis Courses	<p>Because writing emphasis courses focus on the foundational skills of critical thinking, rhetorical awareness, and information literacy, the work presented by students must be original. As such, the use of generative AI for graded assignments is prohibited unless specifically authorized by the instructor. The instructor reserves the right to assign a failing grade to an assignment</p>	

	determined to exhibit markers of generative AI use. In such instances, the student may challenge the failing grade and is responsible for demonstrating the originality of a submitted text. Continued registration in the course will be understood as acceptance of this policy.
Academic Dishonesty Statement	Pensacola State College is committed to upholding the highest standards of academic conduct. All forms of academic dishonesty, to include plagiarism and cheating, are prohibited. Penalties for academic dishonesty include but are not limited to one or more of the following: the awarding of no credit on the assignment, a reduction in the course grade, or the assignment of a final course grade of F and removal from the course. See the College Catalog for more details: Academic Integrity
Student Email Accounts	Pensacola State College provides an institutional email account to all students enrolled in courses for credit. PirateMail is the official method of communication, and students must use PirateMail when communicating with the College. In cases where companion software is used for a particular class, email may be exchanged between instructor and student using the companion software.
Flexibility	It is the intention of the instructor to accomplish the objectives specified in the course syllabus. However, circumstances may arise which prohibit the fulfilling of this endeavor. Therefore, this syllabus is subject to change. When possible, students will be notified of any change in advance of its occurrence.
ADA Statement	Students with a disability that falls under the Americans with Disability Act or Section 504 of the Rehabilitation Act, it is the responsibility of the student to notify Student Resource Center for ADA Services to discuss any special needs or equipment necessary to accomplish the requirements for this course. Upon completion of registration with the Student Resource Center for ADA Services office, specific arrangements can be discussed with the instructor.
Non-Discrimination Statement	Pensacola State College does not discriminate against any person on the basis of race, color, national origin, sex, disability, age, ethnicity, religion, marital status, pregnancy, sexual orientation, gender identity or genetic information in its programs, activities, and employment. Security Statement	Pensacola State College is committed to encouraging all members of the College community to be proactive in personal safety measures. In case of emergency, students should ensure that they are aware of the building exit closest to each of their classrooms, as well as all alternative building exits in case circumstances require using a different route.
Emergency Statement	In the case of severe weather or other emergency, the College administration maintains communication with appropriate state and local agencies and makes a determination regarding the cancellation of classes. Notices of cancellation will be made through the College's PSC Alert system and on the College's website
Late Assignment Policy	I highly encourage you to submit all your work on time. Starting the assignments at the beginning of the week allows you to submit them before the due date and it gives you extra time in case your schedule changes. In case you do fall behind, please be aware of my late policy listed below.

	All assignments count towards the final grade. Students should establish connections with other students to get notes and assignments from missed classes. Students must contact the instructor as soon as possible after missing an assignment to make the necessary arrangements with the instructor. Late assignments will be accepted up to five days after the original due date. TEN points will be deducted from the final score of late work for each day it is late and after 5 days it will no longer be accepted and a score of 0 will be added to the gradebook.
Make-up exam policy	To help you be successful, exams need to be taken on the date listed in your course schedule, if you missed an exam, you would need to speak with the Professor to discuss a make-up exam and to see if you qualify for an exception. An exception to this policy will be made only when the student can present a valid and documented medical excuse for the absence.

Course Schedule: Please be aware that additional resources are listed in the course module. Follow the course module listed in Canvas to have access to all assignments, resources, chapter pptx, learning objectives, and exams.
